PROFILE

I am an experienced MERN Stack Developer with a strong background in building scalable web applications. At Prime Vertex Softwares and World Of Tech, I have developed multiple SaaS, ERP, and CRM solutions. My expertise includes backend optimization, microservices architecture, and RESTful API development. I specialize in creating pixel-perfect UIs using React and implementing efficient state management. Additionally, I have hands-on experience in AWS, Docker, and CI/CD pipelines for seamless deployment.
